BOXING.

Gardner and Hamilton.

Lovers of boxing are anxiously awaiting Monday night's contest at the Metropolitan club, to be engaged in by Oscar Gardner and Jack Hamilton, two old rivals, and a corking battle is looked for. Hamilton is due to arrive here today from his home in Troy, N. Y. They are watched at 122 pounds, at 3 p. m. They are expected to be in the ring at 8 o'clock to guarantee the weight. The preliminary bout is expected to be of the hurricane order. "Squirrel" Finerty and Howard Smith will figure in this event.

Terry Leaves His Class.

CHICAGO, April 5.—Terry McGovern, the feather weight champion, has finally decided to leave his class, and on April 17, at Tattersalls, in this city, will meet Tommy White, the 125-pound champion, in a six-round go. Sam Harris, McGovern's manager, to-day wired Lou Houseman accepting the offer on behalf of the Brooklyn boy to meet White, stipulating that White should weigh 130 pounds at the ring side, and that George Siler should be referee. Articles have already been signed and forwarded to Brooklyn. White is in training at Mt. Clemens, Mich.

Won by Benny Yanger.

CHICAGO, April 5.—Benny Yanger, the "Tipton Slasher," knocked out Frankie Noel, of St. Louis, to-night, in the second round of what was to have been a six round contest. Noel made a plucky fight, but was completely outclassed and was badly punished before he finally received his quistos. Yanger forced the fighting from the start, playing principally for the ribs and having considerably the better of the infighting. Noel staggered the Italian once with a right swing on the jaw. In the second round Yanger started in like a whirlwind and about a minute after the bell put Noel down with a succession of lefts and rights to the stomach. Noel struggled to his feet only to go down again and when he arose he was knocked down with a left to the jaw. Six times more the plucky St. Louis lad got to his feet and each time he went down, finally getting a right and left on the jaw that put him down for keeps.

BASE BALL.

President Gompers, of the American Federation of Labor, while not prepared to discuss the details of the movement, admits that the federation is encouraging the organization of base ball players into a union. The players have been slow to respond to the advances of the labor leaders in the past, but their timidity, according to President Gompers, is fast disappearing, and recent developments in the National league, with the prospect of a base ball war next year, encourages the Federation to believe that an organization will soon be accomplished. The present movement seems to have been initiated at Chicago, and an effort was made last season to have a meeting at labor headquarters at Washington, but delegates could not be secured from the players on the various clubs and it was abandoned. The most fertile ground for an organization among the players, Mr. Gompers says, is in the Chicago, Philadelphia, Brooklyn and Boston clubs.

Pitcher Fred Schmidt, of the Columbus club, late of the Cleveland National League team, claims he originated the idea of changing the plate, and no President Hart, of the Chicago club, and others documentary evidence that he suggested the rule the National League has adopted. He also claims that he suggested the advisability of covering the players' benches to the managers. Schmidt is in excellent condition.

Manager Finn announces that the new-up of the Youngstown Inter-state club will probably be as follows: Shires, first base; Truly, second base; Shay, third base; Bette, King, or Glenn, short stop; Connors, Grant and Wright, outfielders; Carney, Gallagher, McFarland, Best, Gannon, McGilli, or McCarty, pitchers. Manager McAleer, of the Cleveland club, desires a number of exhibition games at Youngstown, and will be accommodated.

ROUTE OF THE BIG PARADE.

J. A. W. Has Decided Upon the New York-Chicago Side-Path.

The League of American Wheelmen divisions in charge of the construction of the "trunk line" side-path between New York and Chicago are working with all possible speed on the project. While the work of organizing the proper committees is under way, the division officers are rapidly preparing the plans. These have so far progressed that the probable route has almost definitely decided upon.

As now outlined the path (starting from the New York end) will run through Poughkeepsie, Albany, Schenectady, Amsterdam, Utica, Syracuse, Rochester, Batavia, Buffalo, (N. Y.); Erie, (Pa.); Ashtabula, Cleveland, Elyria, Toledo, (O.); Butler, Goshen, Elkhart, South Bend, (Ind.), to Chicago. This is practically the old trans-continental stage-coach mail route, and is the only one generally followed by the Chicago-New York record breakers.

The New York division is taking the lead in the undertaking, and expects to have practical results within a short time. Under the direction of Secretary-Treasurer Bull maps have been prepared, showing the paths already constructed in New York state, and engineers are at work preparing plans for the intervening stretches of road. When these are completed the side-path commissioners in the counties interested will build the connecting paths until there will be a complete stretch of them from New York City to the west-

ern boundaries of the state. The New York division will have supervision of 530 miles of the path, or more than half, as the total length will be 968 miles.

The Ohio and Indiana sections will not proceed so rapidly, as they have not the advantage of paths already built, but so enthusiastically has the project been received in those states, there is no doubt they will be close to New York in finishing their respective sections.

That all possible speed may be given the construction of the big path, the L. A. W. urges all wheelmen, particularly those on the route, to become members of it immediately, that there may be funds available for the preparatory work.

BOWLING.

DAYTON, O., April 5.—The inter-city contest for the bowling championship of the United States, which will be held in conjunction with the United Bowling Club's international tournament at New York, July 15 to 22, has interested the bowlers throughout the country.

This contest is open to one team of five players from each city and each player must be a resident of the city he represents. There will be prizes for one-half of the teams competing. The winner will receive a \$1,000 challenge trophy in addition to a large share of the entrance fee. The entries close May 15.

In addition to the twenty teams already entered from cities within a radius of two hundred miles of New York, teams from Wheeling, Columbus, Chicago, Detroit, Springfield, O., Buffalo, Indianapolis, Butte, Mont.; Peoria, Toronto, and Ottawa, Canada, have forwarded their lists to Mr. Samuel Karpf, western secretary, Dayton, Ohio.

They say no movement will be made until after the United States supreme court has acted. Republican Governor Taylor returned here to-day. He was escorted to his office by a squad of militiamen. Mr. J. E. Collins, of 22 South Huron street, a resident of Wheeling for a great number of years, says: "For five years there was an extreme weakness and constant aching across my back, and often my back became so stiff I could scarcely get up after lying down. Besides the kidney secretions were very irregular and high colored and showed plainly what the origin of the trouble was. At the time I saw Doan's Kidney Pills advertised my kidneys were in bad shape, and procured a box at the Logan Drug Company's. The first box did me so much good that I got another and took it. It cured me."

MARTIN'S FERRY NEWS.

The Daily Chronicle of Wheeling's Progressive Neighbor.

Last evening, at the residence of Mrs. Mathias Sheets, at "The Elms," occurred the most brilliant society function given in this city this season, the occasion being the open meeting of the Woman's club. The rooms were gorgeously decorated with the club colors, purple and gold, as were also the tables, on which seasonable viands were placed. Mingled with fine china were pansies and daffodils, which carried out the same color scheme. The guests, who numbered about seventy, were in full evening dress, and were received by the executive committee of the club, composed of Mrs. L. J. C. Drennen, Mrs. R. R. Kerr, Mrs. Wm. Wood, Miss Ella Ingelbright, Miss Carrie Wood, Mrs. George Smith, Mrs. John Turner, Mrs. Wm. Lupton and Mrs. E. C. Boyd. The tables were presided over by Misses Anna and Mammie Boyd, Olive Smith and Mary Mitchell. At the usual time toasts were proposed by the toast-mistress, Mrs. L. J. C. BRIDGEPORT HAPPENINGS.

Events of a Day in the Town at the End of the Bridge.

Mrs. Albert Secrest, residing in Kirkwood, was seriously burned about noon yesterday while engaged in burning rubbish in the yard. Her clothes caught fire and she was not aware of her peril until her attention was called to it by a neighbor, who hastened to aid the unfortunate woman. The neighbor attempted to smother the flames, but the frightened woman broke loose and started towards the house and leaped into a rain barrel, about one-half full of water, standing close to the house, which extinguished the flames, but not until the woman had been seriously and perhaps fatally burned. Mrs. Secrest was removed to the house and a physician summoned.

The marriage of Miss Lucy Hill to Earl McConoughy took place at high noon yesterday at the parsonage of the First Presbyterian church, and the ceremony was performed by Rev. J. A. Donahay. Only the immediate relatives of the contracting parties were present. After a wedding feast at the residence of the bride's parents the newly wedded couple left on the 2 o'clock Cleveland & Pittsburgh train for Uniontown, Pa., where they will visit for a couple of weeks. Both parties are well known young people of this place.

Maywood Forsythe has returned from the Ohio Medical college, at Columbus, to spend his vacation.

BENWOOD.

News Notes From the Busy Marshall County Town.

The Mayor Shepard boom for sheriff four years hence has taken firm root. The article in yesterday's Intelligencer was read with great interest and the mayor was besieged with many promises of support, some going so far as to ask him to jump into the race now.

This Mayor Shepard declined, saying there was already a Union district man out for the nomination. Mayor Shepard has worked hard all his life in a steel mill and he has gotten to the age when he would not be averse to accepting a position that called for less physical strain, and he stated to the Intelligencer correspondent yesterday that he would be willing to run for sheriff in 1904 if his Benwood friends desired it. Given the nomination he would poll hundreds of Democratic votes, and he would make an ideal county executive. His chances would be mighty slim for the nomination four years hence, however, if the honor comes to this district this year again, as a Union district man now holds the office, and the rest of the county would be inclined to cry "hog."

J. P. Barker, the jeweler, returned yesterday from a visit of several days to friends in Greene county, Pa. Frank Bartlebaugh is a new Richmond in the field for city assessor, and he is out for the job with both feet. Will Nite, of the First ward, is the other Republican aspirant. Sam Blake, the present assessor, is also after reelection, which appears rather queer, for he is a Democrat, and while he may think his ability commands attention, he certainly must know that "there are others," and "to the victors belong the spoils." Had a Republican applied for the job under the former administration the Democrats would have told him he was crazy to even dream of such a thing.

The funeral of George Fitzpatrick, who died at the North Wheeling hospital, of consumption, will occur to-day from the home of John Curran, on Water street, with interment at Mt. Calvary. Lenten services will be conducted by Father Weininger at St. John's church this evening. John Haley, of Columbus, is in the city, called here by the illness of Mrs. John Burns.

Michael Deegan is one of the jurors in the United States court at Wheeling. Arthur Geraghty has returned to Mingo after visiting relatives here. Will Pelly, of Mingo, is visiting relatives here.

The Ideal Man.

There is much rivalry between the various colleges as to which will produce the ideal man. By this they mean a vigorous, honest, intellectual man, who will make the world better for having lived. Health will demand first consideration, for upon that depends brain and achievement. Hostetter's Stomach Bitters will keep the bowels regular and the stomach healthy by curing all stomach disorders. It also prevents malaria, fever and ague. Try it.

A Powder Mill Explosion.

Removes everything in sight; so do drastic mineral pills, but both are mighty dangerous. Don't dynamite the delicate machinery of your body with calomel, croton oil or aloes pills, when Dr. King's New Life Pills, which are sold as a summer breeze, do the work perfectly.
